Rob will be with Catalina Tong in Borneo for a 16 days 15 nights Sabah and Sarawak birding tour in March 2023, but before this he got a chance (his Sulawesi tour was postponed) to come purposely for photographing some shy and rare ground birds.

Fortunately, he got all his dreaming birds which includes the **Bulwer's Pheasant, Bornean Peacock Pheasant, Bornean Banded Pitta and along with Crested Partridge, Argus Pheasant** and others.. Hurray!!

We hope to have his fortune in March 2023, looking forward..
