Hup was happy with a photography tour with Raymond Poon two years ago (Good shots for the Malaysian Rail Babbler in Kuching) so he invited his friends to have a 06 days photography tour in Sabah. In order to get Highlands endemic and lowland resident birds, we covered Kota Kinabalu for 01 night, Kinabalu Park for 02 nights and Sepilok for 02 nights.

Good enough, we had quite a number of good species which includes **Hook-billed Bulbul, Scarlet-breasted Flowerpecker, Sunda Frogmouth, Fruithunter, Bare-headed Laughingthrush, Whitehead's Trogon, Crimson-headed Partridge, Short-tailed Green Magpie, Golden-naped Barbet, Bornean Flowerpecker, Mountain Barbet, Bornean Bulbul, Pygmy Heleia, Orange-headed Thrush, Black-headed Pitta, Jambu Fruit Dove, Rufous-collared Kingfisher, Red-naped Trogon, Rufous Piculet, White-bellied Woodpecker, Wallace's Hawk Eagle, Brown Wood Owl and Oriental Bay Owl**, to name a few.

Next, Hup wishes to go Danum Valley Borneo Rainforest Lodge for Bristlehead, Pittas and Wren-babblers, as for Catalina she has invited another two friends for 16 days 15 nights Sarawak and Sabah birding tour in 2022.

We look forward to serving them again and hopefully the country border is reopening soon.
