CY Wong and Vivi Chan are among the luckiest couples in all of our birding groups. Their first visit was in 2015 in Kuching, Sarawak ~ a **Blue-banded Pitta** made a full appearance just by the roadside. 2nd visit in 2017 to the Northern Highlands of Sarawak ~ not only the key species into their goody bag ~ **Dulit & Bornean Frogmouth, Hose's Broadbill, Bornean Banded & Blue-banded Pitta, Whitehead's Spiderhunter**, but a closed up encounter of a male **Jambu Fruit Dove** by the road side was amazed. 3rd visit in 2018 to Danum Valley Borneo Rainforest Lodge & Kinabalu Park, also fortunate to see most of the key species there, including the **Bristlehead, Blue-headed Pitta, Bornean Wren-babbler, Black-throated Wren-babbler, Bornean & Sunda Blue Flycatcher, Great Argus, Whitehead's Trogon (female) & Broadbill, Everett's Thrush, Bare-headed Laughingthrush, Bornean Stubtail, Mountain Wren-babbler** and a female **Jambu Fruit Dove**.

This time, Vivi wished to see the **Scaly-breasted Bulbul & Fruithunter**, and her dream came true, we were lucky to tick a pair of Fruithunter in Kinabalu Park & several Scaly-breasted Bulbul in Poring, both species were found in fruiting trees. And they were excited to add the **Mountain Serpent Eagle, Oriental Bay Owl & Scarlet-breasted Flowerpecker** into their life list, and also delighted to photograph the **Whitehead's Trogon (male), Bornean Stubtail, Mountain Wren-babbler, Crimson-headed Partridge, White-fronted Falconet, a pair of Banded Kingfisher & Bornean Green Magpie** with prey.
