Bulwer's Pheasant

© Lim Ho Min

Lim Ho Min wished to photograph some colourful and elusive ground birds like Pitta, Pheasant and Partridge so we planned a trip to a few new bird hides for Pheasants and Partridges and also Danum Valley for Pittas.

Lucky enough, we had all of our key targets ~ the **Blue-banded Pitta** (though we missed the shot but we had excellent view of it when it hopped on an open log), **Bornean Banded Pitta**, **Blue-headed Pitta**, **Black-headed Pitta**, **Bulwer's Pheasant**, **Bornean Peacock Pheasant**, **Bornean Crested Fireback**, **Crimson-headed Partridge**, **Red-breasted Partridge**, **Crested Partridge**, **Chestnut-necklaced Partridge** and also we enjoyed to see and photographed some other good birds like **Bristlehead**, **Whitehead's Trogon**, **Bornean Green Magpie**, **Everett's Thrush**, **Bornean Stubtail**, **Bornean Flowerpecker**, **Bornean Forktail**, **Bornean Shortwing**, **Eyebrowed Jungle Flycatcher**, **Bornean Wren-babbler** and a pair of **Helmeted Hornbill** showed up near the Borneo Rainforest Lodge was one of the highlights of the tour.
